

Kitsap Great Give

HOW THE BONUS POOL WORKS

NONPROFIT DONOR PIE = \$1.75M

TOTAL \$ EACH NP RECEIVED FROM DONORS

NPA - \$787,500 = 45%

NPB - \$140,000 = 8%

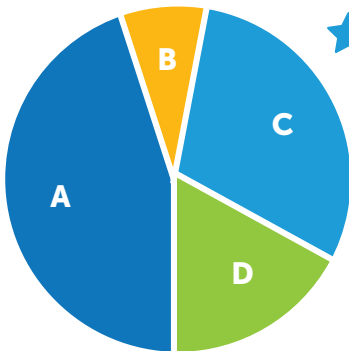

NPC - \$525,000 = 30%

NPD - \$297,500 = 17%

In a "Pie Shell"

Let's use a yummy pie example and say the Kitsap Great Give has only four participating Nonprofits. Donors give a total of \$1.75 million to the four Nonprofits. The Bonus Pool comprises prize money from several community partners and sponsors and totals \$175,000, which is 10% of \$1.75 million.

When slicing the pie between the Nonprofits, all get the same percentage of the Bonus Pool Pie that was donated to them from the Donor Pie, resulting in a collective 10% bonus!

★ **BONUS POOL PIE = \$175K**

TOTAL 10% BONUS EACH NP WILL RECEIVE

NPA - 45% = \$78,750

NPB - 8% = \$14,000

NPC - 30% = \$52,000

NPD - 17% = \$29,750

*If KCF secures less than \$175K in bonus pool funds, the bonus percentage decreases for all NPs.
